

INDEX

Engineering Consults Limited

Engineering Infrastructure Planning & Designs Project Management

Company Profile

Index Engineering Consults Ltd is an expanding organization of Indigenous Engineers, Quantity Surveyors and Project Managers. It was set up with the prime objective of providing comprehensive and highly specialized building and civil engineering construction and consultancy service solutions to problems emanating from human basic needs from where and by which human consumption, services and comfort are derived. Such basic needs of man include amenities such as Water, Transportation, Housing, Agriculture, Economic and Recreational facilities. The organization provides coordinated professional services, which cover a wide range of projects for individuals, government and corporate bodies.

Index Engineering Consults Ltd is a Civil Engineering consulting consortium of professional engineers, quantity surveyors and project managers who are highly trained to provide excellent services in the engineering fields of; Building, Civil, Environmental, Geotechnical, Highways, Water and Structural Engineering Designs, Construction Supervision and Project Management.

The firm seeks to provide an integrated and highly specialized consulting and construction services of developmental projects. It is founded to achieve both technical and managerial excellence in all projects undertaken with a commitment to excellence reliability and integrity to contribute to the development of engineering practice at home and abroad.

The main objective of the firm is to contribute to the enhancement and development of engineering profession through provision of independent and high standard services to all calibers of clients ranging from governments, parastatal, institutions, corporations, multi-nationals, blue-chip companies and firms to individuals. It is committed to achieving technical excellence, while maintaining strict ethical guidance coupled with immense effort to find a fair balance between cost and functional benefit to the client and the end user.

We have over the years gained viable experience working with Government, Private and Public Services. The firm handles Project Conception, Project Planning, Feasibility Studies and Preliminary Designs, Final Designs, Construction Supervision, Project Management, Contract Documents and Bid Processing.

With our experience while working on externally funded projects such as World Bank and African Development Bank, Fund sourcing and Management shall be part of our services in due course.

The Firm has its head office in Ilorin which has grown into a diversified organizational base over the years. It has a branch office in Ibadan and contact offices in Abuja and Lagos. Our offices are well staffed and adequately equipped to handle major projects independently, Close co-ordination is maintained for effective utilization and pooling together of resources for very large or urgent projects. The offices are co-ordination / contact points for clients in different parts of the country.

What sets us apart from others is our fresh way of thinking to simplify complex matters, and our creative eye to look at things differently. Since each client has varying unique needs, we seek to customize our approach to satisfy each client while delivering excellence services with strict compliance to ethical standards.

At Index Engineering Consults, we thrive with Pride, Honesty and High Commitment to Quality Service

delivery, in order to create and strengthen our relationship with our clientele for maximum satisfaction.

Index Engineering Consults Limited is adequately staffed with professionals in the fields of;

- Process Facilities
- Structures/Building
- Installation /Upgrade of On-/Offshore facilities
- Roads / Highways
- Bridges
- Water Supply and Irrigation
- Drainage and Flood control
- Column and Beam Jacketing/Retrofitting
- Transportation Planning and Designs
- Foundation Engineering & Geotechnical investigations
- Waste Treatment and Disposal System Design (Liquid and Solid)
- Environmental Impact Assessment and Studies
- Country / Urban Planning

Our partners are registered engineers with the Council for the Regulation of Engineering in Nigeria (COREN) and other internationally recognized professional bodies. They are also members of the Nigerian Society of Engineers (NSE), Association for Consulting Engineering in Nigeria (ACEN), Financial Reporting Council (FRC) and other internationally recognized professional bodies.

Our Values

- **Integrity:** We maintain the highest ethical standards in all of our dealings with clients, partners and stakeholders.
- **Excellence:** We strive for the highest level of quality in all of our services and deliverables
- **Innovation:** We embrace creativity and constantly seek new and better ways to solve problems and add value to our clients.
- **Professionalism:** We maintain a high level of expertise, competence and professionalism in all of our activities.
- **Collaboration:** We work in partnership with our clients and other stakeholders to achieve our common goals and objectives.
- **Diversity and Inclusivity:** We value diversity and inclusivity and strive to create a workplace that is attractive, and accommodating to diverse people from a range of gender, social and ethnic background.
- **Sustainability:** We are committed to promoting environmental, social and economic sustainability in all of our services.

Our Core Objectives

Index Engineering Consults Limited was established with the following core objectives:

- To offer consultancy services in Engineering and Planning (Design, Supervision, Tender Assistance, Monitoring and Evaluation, among others), Oil & Gas, Civil, Building, Environmental, Geo-Technical, Highways, Water, Subsea System, including Structural Engineering Designs, Construction supervision and Project Management.
- To provide high-quality engineering consultancy services to clients across various industries.
- To continuously enhance our technical expertise and knowledge of staff and management to deliver innovative and effective solutions to clients.
- To attract and retain the best talent in the industry and provide a supportive and rewarding workplace for all staff.
- To achieve sustainable growth and profitability through effective management of resources and operations.
- To expand our services and reach new markets while maintaining our commitment to excellence and professionalism.

Our Vision

‘To develop a long lasting cooperation in the spirit of partnership with our clients, by adding value in fulfilling their objectives based on our performances and to make an impact in the construction industry by providing professional and technical services with international standards.’

Our Mission

‘We aspire to contribute to the enhancement and development of engineering profession through the provision of independent and high standard services to all caliber of clients ranging from Governments, Oil & Gas Industries, Private Agencies, Institutions, Corporations, Multi-Nationals, blue-chip companies and firms to individuals.’

We look to offer innovative and cost effective package solutions to our clients, including conceptual ideas in engineering design, procurement, construction and long term maintenance”

Our approach to all assignments is to be able to guarantee value to the client for his money and time's worth by using all the skill and expertise available to us from our past and present working experiences and most importantly, to achieve the highest possible standards of Engineering at the lowest cost, and at the highest quality within the shortest delivery period, putting into consideration all relevant variables into the project.

We intend to amongst others attempt to carry out the following tasks:

1. Project Design

To undertake the pre-contract of the project by ensuring strict adherence to the design standards in undertaking the following:

- Engineering Feasibility
- Preparation of Preliminary Engineering Designs and Drawings
- Detailed Engineering Designs and Drawings
- Preparation of Tender Documents
- Budget Preparation
- Progress Reports
- Quality Control
- Testing Materials for the projects

2. Project Execution

- Index Engineering Consults Limited intends to deploy a highly qualified professionals and competent personnel to effectively carry out all the assignments and processes highlighted.

3. Project Evaluation

- A detailed report shall be prepared for the client, highlighting the problems and solutions during the project, as well as when it's completed.

Some of Our Key Staff

S/No	Position /Designation	Name And Qualifications	Years of Experience
1	Managing Partner	OLALEKAN K.A., B.Sc, M.Sc.,FNSE, FNICE,	35
2	Partner	RAJI S.A B.Sc, M.Eng, PhD, MNSE, MNICE	38
3	Civil/Water Supply Engineer	ALIU BABATUNDE BAKI, B.Sc, MNSE, MNICE	43
4	Civil/Water Engineer	ADEOGUN, A.G B.Sc, M.Sc, Ph.D, MNSE	26
5	Electrical Engineer	TOYYIB AKINKUNMI.O. B.Sc, M.Sc, MNSE, R.Engr	10
6	Civil/Structural Engineer	ABDULMUHAYMIN .O OLALEKAN. B.Sc, R.Engr	7
7	Civil/Bridge Engineer	YAHAYA KAMILU .B.Eng Msc (Bridge), MNSE	32
8	Civil/Transportation Engineer	IBITOYE ADEOYE B. B.E.ng, M.Eng,MNSE, Ph.D	35
9	Traffic/Highway Engineer	ADETUNMI K.I B.Sc, M.Sc, MNSE	37
10	Senior Structural Engineer	AYOMAYA HAMID, B.ENG.	16
11	Civil/Highway Engineer	Mrs. RAJI, R.T., B. Eng, MNSE	15
12	Civil/Transportation/Foundation Engineer	OLUFEMI PETER AJAYI, B.Eng, M.Eng, MNSE	12
13	Chemical Engineer/Environmental Expert	JAMIU ADENIRAN B.Sc, M.EnG, Ph.D, MNSE	16
14	Quantity Surveyor	ABDULAZEEZ SHUAIBU OYERINDE, HND MNIQS	27
15	Senior Computer Aided Detailer	WATTI DAVID, Diploma C.A.D Draughting	27
16	Administrative Officer	OLAGUNJU M.A., H.N.D. Accounting	9
17	Business Development Manager	AWEDA RUKAYAT A. H.N.D (Marketing)	8

Index Engineering has the following departments headed by competent and versatile staff:

A. Engineering and Planning

- Roads and Bridge Engineering
- Process Facilities
- Water Engineering
- Installation/Upgrade of On-/Offshore
- Environmental Engineering
- Building Engineering
- Geo-technical Engineering
- Contract Procurement, Packaging and Preparation

B. Infrastructure Planning and Design

- Detailed design of new roads
- Detailed design of existing roads/rehabilitation and maintenance
- Water supply, Transmission and Sewage systems
- Building Designs
- Detailed Ground Survey
- Architectural, Structural, Mechanical and Electrical

C. Construction Supervision

- Tender documents and contract agreement preparation
- Inception, mobilization and consultancy completion reports
- Supervise and follow up the progress of works and reporting
- Prepare and submit to clients the periodic status report and assessment
- Certify contractors payments certificates

D. Water and Environment

- Water Transmission mains
- Water Distribution Systems
- Hydraulic Modeling
- Water Storage tank design/ rehabilitation
- Booster pumping station design

Scope of Services

INDEX Engineering Consults Limited offers multi-disciplinary services covering a wide spectrum of studies from project appraisal stage, up to commissioning and through the maintenance stages.

The scope of services rendered by INDEX Engineering Consults Limited includes the following;

Structural Engineering

Reinforced concrete Structures, precast and pre stressed concrete, single and Multi-storey buildings, roof shell, retaining structures (earth and liquid), foundations, bridges, and steel structures.

Geotechnical Engineering

Site Investigations, Geophysical studies, foundation Analysis, Material Testing and Hydrological studies

Environmental Engineering

Flood and Erosion Control works, Impact Assessment Studies Sewerage and Solid Waste Management.

Transportation

- Transport Studies
- Highways Development and Traffic Studies
- Waterways and Harbors
- Air and Rail Transportation

Water Resources

- Rural Urban water Supply Resources Development
- Treatment and Distribution
-

Oil and Gas

- Process Facilities
- Installation/Upgrade of on/Off-shore

Monitoring and Operational Control of Structures

- High Rise Structures
- Power Plant Structures Reservoir and Dam structure
- Treatment Plants

Support Services

- Surveying
- Computing
- Full Economic Appraisal of Projects

List of Hardware and Software

We Utilize computers extensively for achieving the most precise and efficient solutions to engineering problems.

Engineering Hardware	
1	2 Chloride 100KVA and 120KVA UPS
2	1 Server (Intranet Facility)
3	10 CISCO Switches
4	8 Work Stations
5	10 Computers

Presentation and Reproduction Equipment	
1	ASUS Digital Projector
2	5 Scanners (3 A4, 2 A3- HP Models)
3	2 Photocopiers
4	HP DeskJet Printers
5	HP LaserJet Printer
6	HP OfficeJet Printers
7	Epson Stylus Printers
8	HP Design jet
9	Plotter

Basic Software		
1	Microsoft Project 2000	Management Package
2	Lotus SmartSuite 96	(Dbase, Word, Computing & Presentation
3	Microsoft 2016	(Dbase, Word, Computing & Presentation
4	Microsoft Project 2016	(Dbase, Word, Computing & Presentation
5	Microsoft Office 2000 Developer	(Dbase, Word, Computing & Presentation
6	Microsoft Works 2000	Computing Package
7	Excel for Beginners & Scientist	Engineering & Scientific Macro Programme
8	Pro Venture Invoices & Estimates	Accounting Package
9	BSI Standards Worldwide	Compendium of British Standard
10	Kaspersky Internet Security	Computer Protection Package
11	Norton Total Antivirus	Computer Protection Package
12	AVG Professional Version	Computer Protection Package
13	CorelDraw 9	Graphics & Presentation Package
14	CorelDraw 13	Graphics & Presentation Package
15	CorelDraw 18	Graphics & Presentation Package
16	CorelDraw 21	Graphics & Presentation Package

Geometric Software		
1	ArcView	GIS Application
2	ERDAS Imagine	Remote Sensing Application
3	Oracle 8	Database Management Application
4	Mapinfo Professional	Digital Map Application

CIVIL ENGINEERING DESIGN AND DRAFTING SOFTWARE		
1	Land Development	Civil Engineering Drafting & Design Suite for Surveying, Contouring, Terrain Modeling, Roadway Design, Hydraulic Analysis, Sewer Design, Storm Drainage Design
2	TechnoCAD Civil Engineering Software (RoadMate, PipeMate, WaterMate, QuickSurf, SurfMate, RepairMate, DatumMate)	Civil Engineering Drafting & Design Suite for Surveying, Contouring, Terrain Modeling, Roadway Design, Hydraulic Analysis, Sewer Design, Storm Drainage Design, Reinforcement Scheduling
3	Auto Civil 2007 & 2008	Civil Engineering Drafting & Design Suite for Surveying, Contouring, Terrain Modeling, Roadway Design, Hydraulic Analysis, Sewer Design, Storm Drainage Design
4	Culvert Master	Culvert Hydraulic Analysis
5	Storm CAD	Drainage Design and Drafting Suite
6	Water CAD	Water Supply, Pipeline Network and Hydraulic Modeling
7	Sewer CAD	Sewer Design and Drafting Suite
8	Slope	Slope Stability Analysis
9	SEEP/W2004	Groundwater Seepage Analysis
10	SIGMA/W2004	Stress and Deformation Analysis
11	SLOPE/W2004	Slope Analysis, Data Analysis and Production of Designs

STRUCTURAL ENGINEERING DESIGN SOFTWARE		
1	STAAD/Pro 2000	Structural Design and Drafting Suite
2	STAAD/Pro 2004	Structural Design and Drafting Suite
3	SAP 2000 Version 8	Structural Design and Drafting Suite
4	SAP 2000 Non-Linear	Structural Design and Drafting Suite
5	Etabs Non-Linear	Structural Design and Drafting Suite
6	MathCad Version 12	Structural Design and Drafting Suite
7	Fentek Energy Calculations for Fenders	Structural Design and Drafting Suite
8	Prokon	Structural Design and Drafting Suite
9	Prokon	Structural Design and Drafting Suite
10	STAAD III	Structural Design and Drafting Suite
11	Robot Millennium V17	Structural Design and Drafting Suite

QUALITY AND COST ANALYSIS SOFTWARE		
1	QUADRO	Assessment of cost & Benefits of Maintenance Work
2	COBA	Cost Benefit package for Economic Assessment of Highway Schemes
3	Microate	Bill of Quantity Package
4	BSD Costlink	Quantity Survey Package
5	BSD Speclink	Engineering Specification Package

TRAFFIC ENGINEERING SOFTWARE		
1	Auto Track V3	Graphical Vehicle Turning Movements
2	SATURN	Traffic Modeling
3	SIGNPLOT V 5.7	Traffic Sign Design and Layout
4	TRANSYT	TRL Program to Calculate Delays at Linked Traffic Signals
5	PICADY	TRL Program to Calculate Delays at Major/Minor Junctions
6	ARCADY	TRL Program to Calculate Delays at Roundabouts

OTHER SOFTWARE		
1	Microsoft Encarta 2005	Encyclopedia
2	KABSAL Adaptec CD	E-Z Legal Package
3	IMSI Turbo Sketch	Fine Art Package
4	HP Printer Fonts	Global Printer Fonts for HP Printers
5	Microsoft Windows 8	Operating System
6	Microsoft Windows 8 pro	Operating System
7	Microsoft Windows 10	Operating System
8	Microsoft Window MT Server	Operating System
9	Novel 3.11	Operating System
10	Pro Venture Business Cards	Printing Package
11	Pro Venture Label Maker	Printing Package
12	Pro Venture Brochures	Printing Package
13	Microsoft Publisher98	Publishing
14	Kaspersky Enterprise Security Virus Protection for Desktops and Internet	Utility Package
15	Norton Total Security	Utility Package
16	HP Scanning Software	Utility Package
17	Architectural Graphics Standard	Utility Package
18	Network Associates Virus Scan	
19	Viagrafix Microsoft 2000 Training Kit (Windows 95/98, Excel 2000, Access 2000, Outlook 2000, PowerPoint 2000, Word 2000)	Utility Package
20	Norton Clean Sweep 2005	Utility Package
21	Graphic Master	Video Graphic Adapter Package
22	Pro Venture Web Page Designer	Web Package Design Package

List of Equipment

Below is a list of Index Engineering Services Limited Survey Equipment, which is distributed between the Ilorin, Abuja, Ibadan and Lagos site Offices.

SURVEY EQUIPMENT	
S/N	EQUIPMENT
1	KERN KS-1 Theodolite
2	LEICA TOTAL STATION
3	Hand Held GPS
4	WILD NKO (Level Instruments)
5	WILD NK LEICA (Level Instruments)
6	WILD T2 Theodolite
7	WILD Automatic Index Level
8	Leveling Staff Ranging Poles, Steel Chains and Tapes

Laboratory and Filed Investigation Equipment

List of Some of the Key Laboratory and Field Investigation Equipments include:

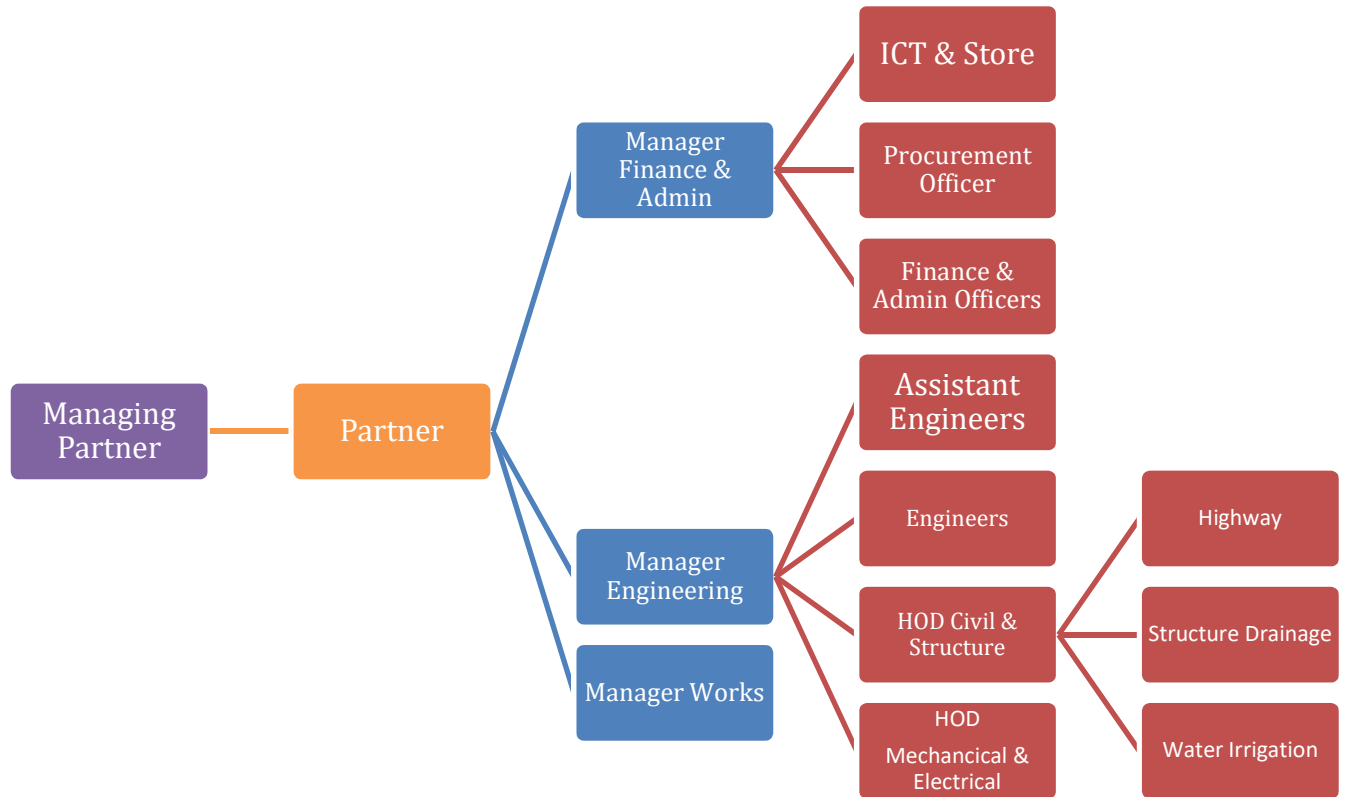

LABORATORY AND FIELD INVESTIGATION EQUIPMENT		
S/N	EQUIPMENT	NUMBER
1	Balances	Various
2	Oven	1 No
3	Casagrande Apparatus	1 No
4	Compaction Test Equipment (Moulds etc)	Various
5	Consolidation Test Equipment	1 No
6	Compression Crushing Machine	1 No
7	CBR Equipment	1 No
8	Insitu Soil Density Test Equipment	1 No
9	Triaxial Equipment	1 No
10	Shear Box	1 No
11	Dynamic Cone Penetrometer Test Equipment	4 Nos
12	Torque Wrench	4 Nos
13	TRAX I Plus (Automatic Traffic Counter/ Classifier)	2 Nos

COMMUNICATION FACILITIES	
Telephone /Fax	• 1 PABX Panasonic 336 with 32 NITEL Lines and 250 Extensions • Security Systems & CCTV • 1PABX Panasonic 12/32 with 16 NITEL Lines and 64 Extensions • 5 Fax Machines
VHF Radio Facility	• 1 Kenwood Repeater, 50 Watts • 1 Motorola 100 Watts • 30m Mast for Walkie Talkies • 30 Motorola 25 Watts Handsets • 10 Base Motorola 25 Watts • 1 HF CODAN Radio to Link Abuja, Lagos and Ilorin • Public Address System

VEHICLES			
S/N	TYPE OF VEHICLE	VEHICLE MODEL	REG NUMBER
1	Ford Truck	F-150	KTU 185 GH
2	Toyota Saloon	CAMRY	KJA 336 BL
3	Toyota Suv	VENZA	KRD 209 EP
4	Toyota Saloon	CAMRY	LSR 384 GF
5	Toyota Saloon	COROLLA	LRN 179 AL
6	Toyota Saloon	YARIS	KUJ 369 KC
7	Mazda Suv	MAZDA CX-9	KSF 381 HJ
8	Lexus Suv	RX 350	KTU 645 HE

POWER				
DESCRIPTION (Type, Model, Make)	Units	Year of Manufacture	Owned or Leased	Capacity/ Size
Sumec Firman	1	2010	Owned	5.5 KVA
Luminous Inverter	1	2018	Owned	3.5KVA

Company Organogram

Control Policies

Quality Control Policy

Index Engineering Consults Limited is committed to providing high-quality services to our clients. We recognize that our clients' satisfaction and trust in our work are essential to our success. Our Quality Control Policy is designed to ensure that we maintain the highest standards of quality throughout our organization.

Quality Control Guidelines

- Index Engineering Consults Limited will comply with all applicable laws and regulations related to quality control in our industry.
- We will provide employees with the necessary training and resources to ensure that they can perform their jobs to the highest standards of quality.
- We will ensure that all equipment and materials used in our work are of the highest quality and meet or exceed industry standards.
- We will promote a culture of quality throughout the organization, encouraging all employees to take an active role in identifying and reporting potential quality issues.

Client Satisfaction

- Index Engineering Consults Limited will prioritize client satisfaction, recognizing that our clients' satisfaction and trust are essential to our success.
- We will regularly seek feedback from clients to ensure that we are meeting their needs and expectations.
- We will take all necessary steps to address any quality issues identified by clients and to prevent future issues from arising.

Continuous Improvement

- Index Engineering Consults Limited will regularly evaluate our quality control processes and make changes as necessary to ensure that they remain relevant and effective.
- We will measure the success of our Quality Control Policy based on our ability to maintain the highest standards of quality in our work and to meet or exceed client expectations.
- We will seek feedback from employees and clients to ensure that we are continuously improving our processes and practices.

Evaluation and Measurement

- Index Engineering Consults Limited will regularly evaluate the effectiveness of our Quality Control Policy and make changes as necessary to ensure that it remains relevant and effective.
- We will measure the success of our Quality Control Policy based on our ability to maintain the highest standards of quality in our work and to meet or exceed client expectations.
- We will seek feedback from employees and clients to ensure that we are continuously improving our processes and practices.

This Quality Control Policy is an important part of Index Engineering Consults Limited's commitment to providing high-quality services to our clients. We believe that by promoting a culture of quality throughout the organization, we can create a work environment that supports employee success and contributes to the success of our company.

Health Control Policy

Index Engineering Consults Limited is committed to providing a safe and healthy workplace for all employees. We recognize that our employees are our most valuable asset and that their health and well-being are essential to the success of our company. Our Health Policy is designed to ensure that we promote and maintain a culture of health and safety throughout the organization.

General Health and Safety Guidelines

- Index Engineering Consults Limited will comply with all applicable laws and regulations related to health and safety in the workplace.
- We will provide employees with the necessary training and resources to ensure that they can perform their jobs safely and effectively.
- We will ensure that all equipment and machinery is properly maintained and inspected to prevent accidents and injuries.
- We will promote a culture of safety throughout the organization, encouraging all employees to take an active role in identifying and reporting potential hazards.

Employee Health and Wellness

- Index Engineering Consults Limited will provide employees with access to health and wellness resources, including health screenings, wellness programs, and mental health support.
- We will encourage employees to take an active role in maintaining their own health and wellness, providing resources and incentives to support healthy lifestyles.
- We will promote a work-life balance, recognizing that employee well-being is essential to their productivity and job satisfaction.

Infectious Disease Prevention

- Index Engineering Consults Limited will comply with all applicable laws and regulations related to infectious disease prevention, including those related to COVID-19 and other communicable diseases.
- We will provide employees with the necessary training and resources to prevent the spread of infectious diseases, including hand hygiene, respiratory etiquette, and social distancing.
- We will follow all recommended guidelines from public health authorities related to infectious disease prevention, including vaccination requirements and quarantine guidelines.

Evaluation and Measurement

- Index Engineering Consults Limited will regularly evaluate the effectiveness of our Health Policy and make changes as necessary to ensure that it remains relevant and effective.
- We will measure the success of our Health Policy based on our ability to maintain a safe and healthy workplace, as well as the impact of our health and wellness programs on employee well-being.
- We will seek feedback from employees to ensure that we are meeting their needs and expectations.

This Health Policy is an important part of Index Engineering Consults Limited's commitment to providing a safe and healthy workplace for all employees. We believe that by promoting a culture of health and safety throughout the organization, we can create a work environment that supports employee well-being and contributes to the success of our company.

Safety Control Policy

Index Engineering Consults Limited is committed to providing a safe and healthy work environment for all employees, clients, and visitors. Our Safety Policy is designed to ensure that we maintain the highest standards of safety throughout our organization.

Safety Guidelines

- Index Engineering Consults Limited will comply with all applicable laws and regulations related to workplace safety and health.
- We will provide employees with the necessary training and resources to ensure that they can perform their jobs safely and effectively.
- We will ensure that all equipment and materials used in our work are safe, properly maintained, and meet or exceed industry standards.
- We will promote a culture of safety throughout the organization, encouraging all employees to take an active role in identifying and reporting potential safety hazards.

Employee Responsibilities

- All employees of Index Engineering Consults Limited are responsible for ensuring their own safety and the safety of others in the workplace.
- Employees must comply with all safety policies and procedures established by the company and report any safety hazards or concerns to their supervisor immediately.
- Employees must properly use and maintain all equipment and materials used in their work and take appropriate measures to prevent accidents and injuries.

Client Safety

- Index Engineering Consults Limited will prioritize the safety of our clients, recognizing that their safety is essential to our success.
- We will take all necessary steps to ensure that our work does not pose a safety risk to clients or their property.
- We will comply with all safety regulations and requirements established by clients and will work with clients to address any safety concerns that arise.

Continuous Improvement

- Index Engineering Consults Limited will regularly evaluate our safety policies and procedures and make changes as necessary to ensure that they remain relevant and effective.
- We will measure the success of our Safety Policy based on our ability to maintain a safe and healthy work environment and to prevent accidents and injuries.
- We will seek feedback from employees and clients to ensure that we are continuously improving our safety practices.

Evaluation and Measurement

- Index Engineering Consults Limited will regularly evaluate the effectiveness of our Safety Policy and make changes as necessary to ensure that it remains relevant and effective.
- We will measure the success of our Safety Policy based on our ability to maintain a safe and healthy work environment and to prevent accidents and injuries.
- We will seek feedback from employees and clients to ensure that we are continuously improving our safety practices.

This Safety Policy is an important part of Index Engineering Consults Limited's commitment to providing a safe and healthy work environment for all employees, clients, and visitors. We believe that by promoting a culture of health and safety throughout the organization, we can create a work environment that supports employee well-being and contributes to the success of our company.

Waste Management Control Policy

Index Engineering Consults Limited is committed to minimizing the environmental impact of our operations and promoting sustainable waste management practices. Our Waste Management Policy is designed to ensure that we manage waste in a responsible and sustainable manner.

Waste Reduction

- Index Engineering Consults Limited will prioritize waste reduction by minimizing the amount of waste generated through our operations.
- We will assess our operations to identify opportunities to reduce waste and implement strategies to minimize waste generation.
- We will promote the use of reusable products and materials and encourage employees to adopt sustainable practices in their work.

Waste Separation

- Index Engineering Consults Limited will separate waste at the source to facilitate proper disposal and recycling.
- We will provide employees with the necessary training and resources to ensure that they can properly separate waste.
- We will ensure that all waste separation practices comply with applicable laws and regulations.

Waste Disposal

- Index Engineering Consults Limited will dispose of waste in a responsible and sustainable manner.
- We will prioritize the use of environmentally responsible waste disposal methods, such as recycling, composting, and incineration.
- We will ensure that all waste disposal practices comply with applicable laws and regulations.

Hazardous Waste Management

- Index Engineering Consults Limited will manage hazardous waste in a responsible and safe manner.
- We will ensure that all hazardous waste is properly identified, labeled, and stored to prevent accidents and spills.
- We will dispose of hazardous waste in compliance with all applicable laws and regulations.

Continuous Improvement

- Index Engineering Consults Limited will regularly evaluate our waste management practices and make changes as necessary to ensure that they remain relevant and effective.
- We will measure the success of our Waste Management Policy based on our ability to minimize waste generation, properly separate waste, dispose of waste in a responsible and sustainable manner, and manage hazardous waste safely.
- We will seek feedback from employees, clients, and waste management partners to ensure that we are continuously improving our waste management practices.

Evaluation and Measurement

- Index Engineering Consults Limited will regularly evaluate the effectiveness of our Waste Management Policy and make changes as necessary to ensure that it remains relevant and effective.
- We will measure the success of our Waste Management Policy based on our ability to minimize waste generation, properly separate waste, dispose of waste in a responsible and sustainable manner, and manage hazardous waste safely.
- We will seek feedback from employees, clients, and waste management partners to ensure that we are continuously improving our waste management practices.

This Waste Management Policy is an important part of Index Engineering Consults Limited's commitment to providing a safe and healthy work environment for all employees, clients, and visitors. We believe that by promoting a culture of health and safety throughout the organization, we can create a work environment that supports employee well-being and contributes to the success of our company.

Quality Statements

Quality Statement

Index Engineering Consults Limited is committed to providing high-quality services to our clients. Our Quality Assurance Statement reflects our commitment to delivering services that meet or exceed our clients' expectations.

Quality Policy

- Index Engineering Consults Limited will provide services that meet or exceed our clients' expectations.
- We will continually improve our services to ensure that they remain relevant and effective.
- We will comply with all applicable laws, regulations, and industry standards.

Quality Objectives

- Index Engineering Consults Limited will measure the success of our Quality Assurance Statement based on our ability to meet or exceed our clients' expectations.
- We will seek feedback from clients to ensure that we are continuously improving our services.
- We will regularly evaluate our processes and procedures to identify opportunities for improvement.

Quality Responsibilities

- Index Engineering Consults Limited employees are responsible for delivering high-quality services to our clients.
- We will provide employees with the necessary training and resources to ensure that they can deliver services that meet or exceed our clients' expectations.
- We will hold employees accountable for delivering services that meet or exceed our clients' expectations.

Quality Assurance Procedures

- Index Engineering Consults Limited will implement quality assurance procedures to ensure that our services meet or exceed our clients' expectations.
- We will regularly evaluate our processes and procedures to identify opportunities for improvement.
- We will seek feedback from clients to ensure that we are continuously improving our services.

Continuous Improvement

- Index Engineering Consults Limited will regularly evaluate our Quality Assurance Statement and make changes as necessary to ensure that it remains relevant and effective.
- We will measure the success of our Quality Assurance Statement based on our ability to meet or exceed our clients' expectations.
- We will seek feedback from clients to ensure that we are continuously improving our services.

List of Completed & Ongoing Projects

LIST OF PROJECT WORKS AND AWARD LETTERS REFERENCES

S/NO.	CLIENT	TITLE	AWARD LETTER REF. No.
1.	Joint Admission and Matriculation Board	Consultancy service for the supervision R.C. Jacketing/Retrofitting of Deficient Columns on 5- storey JAMB zonal office building, Ikeja Lagos. July, 2026	JAMB/RO/PROC/25/70
2.	University of Ilorin, Ilorin	Award of contract for the re-roofing of the faculty of management sciences building. 23 rd April, 2026	UIL/RO/T.4
3.	University of Ilorin Teaching Hospital, Ilorin	Engagement as Consultant for the Rehabilitation of Internal Road Network of the hospital. 2 nd March, 2026	UITHMB/BT-14/VOL.XIII/6
4.	Joint Admission and Matriculation Board	Consultancy structural engineering service for the structural integrity assessment of a 5- storey JAMB zonal office building, Ikeja Lagos. October, 2025	JAMB/RO/PROC/25/70
5.	Ecology Project Office	Consultant for the Design and Supervision of Erosion Control. 11 th December, 2024	EP/PROC/020/584/VOL.1
6.	Federal Medical Centre, Abeokuta	Supply of Computer, Refrigerators and Air Conditioners, October, 2024.	FMCA/412/VOL.VI/354
7.	Osun State Ministry of Works and Infrastructures	Engagement as Monitoring Consultant for the Construction of Local Government Roads in Ila Federal Constituency Sept. 23 rd , 2024.	PLC/1113/1
8.	University of Ilorin, Ilorin.	Renovation of Institute of Legislative Studies, May 23 rd , 2024.	UIL/RO/T.4
9.	Emmanuel Alayande College of Education, Oyo	Consortium for the proposed rehabilitation and upgrading of a 500-seater distressed lecture theatre to art theatre building, 16 th may, 2024	EAUTED/Y/R/GCI.I.12/77
10.	Lagos State Ministry of Works & Infrastructure	Consultant for the Construction of Ijegan-Ijeododo-Abuleado Four-Lane Divided Highway, 29 th Dec, 2023.	MWI/AG..4184/VOL.IV/036
11.	University of Ilorin, Ilorin.	Construction of Public Toilet in Sept., 2023	UIL/RO/T.4
